树叶装饰笔筒

以废弃容器为基底，用落叶包裹改造为实用笔筒。通过“变废为宝”减少垃圾、践行低碳生活，治愈地球；手工创作过程舒缓压力，让自然之美融入日常，实现自我疗愈。

Leaf-decorated Pen Holder

Taking a discarded container as the base, this practical pen holder is refitted by wrapping with fallen leaves. It reduces waste and practices a low-carbon lifestyle through "turning waste into treasure", healing the earth. The handcrafting process eases pressure, integrates the beauty of nature into daily life, and achieves self-healing.

Leaf Rabbit Mask

Made of natural fallen leaves through hand-pasting, this rabbit mask practices environmental protection by recycling leaves and protects the earth with daily actions. Meanwhile, it helps people get close to nature and relieve stress during the creation process, realizing the mutual healing of the earth and ourselves.

**★ THANK
YOU**
