The painting "The Plastic Ocean"

About the painting

1 Why is the ocean important ?

2 The current situation of plastic pollution in the ocean.

3 What can we do ?

1. Why is the ocean important ?

2. The current situation of plastic pollution in the ocean.

2. The current situation of plastic pollution in the ocean.

Fluorescent colors
to indicate microplastics

Turtle with plastic inside

2. The current situation of plastic pollution in the ocean.

Microplastics,
which break down from
plastic waste.

=> Impact marine animals
and even human.

3. What can we do ?

1. Raise awareness about protecting the marine environment.

2. Take action: participate in beach cleanups, use reusable items, recycle properly.
